YETI Yonder Water Bottle

Sale:

July Monthlong & Event

Valid Dates:

6/18/23-7/31/23

Planning Execution:

Order 24 units of the YETI Yonder lightweight and shatter resistant water bottle and receive a display tray.

YETI YONDER WATER BOTTLE

The Fine Print: Do not use this Yonder® Bottle and Cap with hot or carbonated beverages, or use as storage for food or perishables. The Yonder® Bottle may produce condensation.

If you can get there, now your water can too. The YETI® Yonder™ 1L/34 oz. Non-Insulated Water Bottle was strategically engineered to be both lightweight and shatter resistant, allowing you to haul essential hydration further and higher. But a bottle is only as durable and tough as its top, which is why the YETI® Yonder™ Cap is 100% leakproof and provides quick sips through the spout or opens up wide for refills and washing. **If you order 24 units, you will also be sent a display tray for the product. This tray is designed to sit on an end cap shelf.**

750ML/25 oz \$25.00 1L/34 oz \$28.00

The display tray holds 32 total units and fits both size bottles. You can set by color and one facing of each size, or if you order 2 sets, you can set one size in each tray following the same color pattern. That leaves 2 units of back stock in each size/color combo.

Incentives for Outdoor Power Equipment

Sale:

N/A

Valid Dates:

Ongoing

Planning Execution:

Visit our ACENET page to uncover local initiatives, product training, selling tips and local marketing assets.

Cities, municipalities, and air districts are implementing incentive programs, as the awareness of air and noise pollution grows. These incentives are coming in the form of **cash rebates** to help consumers make the switch from gas to battery and electric. You benefit from an increased demand for outdoor power equipment at **full margin!**

To date, we have identified **over 20 states** with a program available. Southern California is offering up to \$250 off a battery mower, Montgomery County, MD, has \$75 off battery leaf blowers, and Colorado offers \$150 to trade in a gas mower for a battery mower.

OPE Funding for Professional Landscapers: The California Air Resources Board appropriated \$27M to provide incentives for professional landscaping equipment sold to professional landscape services operated by small businesses or sole proprietors. Funds are redeemable at approved dealers (retailers) only, which represents a great opportunity for Ace retailers to tap into the professional landscape market. To become an approved dealer, please refer to the ACENET article and presentation, as well as CORE's website for up-to-date information.

We are actively searching for every opportunity... but they are very regional, and each require a unique execution plan. Please reference the list on the [ACENET regulations page](#) to see if your community is impacted and whether there is an incentive program you can promote. If your region is currently offering incentives and is not on our list, let us know so we can help work with your local agency to build an execution plan.

To further help your associates, we are working with our vendor partners to provide training materials for product knowledge and commercial selling tips. Lastly, we have created local marketing assets in Ace Marketing Muscle and SOCi to help reach your consumers.

Our goal is to ensure when a consumer decides to switch from gas to battery, they shop at your store. Visit ACENET>Manage Product>Inventory & Planograms>Legislative Issues>OPE Regulations & Incentives to get started!
